About Us

KAKA INDUSTRIES LIMITED

Transforming Interiors & Exteriors with Elegance, Style and Durability

Kaka Industries Limited is one of India's leading manufacturers, exporters, and traders of premium PVC, uPVC, and WPC products. We are known for our strong commitment to quality, innovation, and customer satisfaction. Over the years, we have built a solid reputation in the building materials industry.

With deep industry experience and a modern design approach, our wide product portfolio supports both interior and exterior applications. Our trusted and recognized brands include:

- KAKA uPVC Profile
- KAKA WPC & SOLID Profile
- NICE PLAST uPVC Profile
- ROOFTOUCH Sheets (Roofing Sheet)
- JINWIN uPVC Profile
- BARBARIKA uPVC Profile
- JINWIN HVLS Fans

Our products are known for strength, durability, and contemporary design. The Product range includes:

- | | |
|---------------------------------|-----------------------|
| - HOLLOW uPVC DOORS & BOARDS | - FMD DOORS |
| - SOLID PLY PVC DOORS & BOARDS | - uPVC ROOFING SHEET |
| - WPC DOOR FRAMES | - FLUTED WALL PANELS |
| - uPVC DOORS & WINDOWS PROFILES | - WPC DECKING PANELS |
| - WALL & CEILING PANELS | - WPC WALL CLADDING |
| - WPC LOUVERS | - SPC FLOORING |
| - CHARCOAL LOUVERS | - EASY FIX GLUE |
| - PVC LAMINATES | - RECYCLED PVC SHEETS |

Our solutions are ideal for residential, commercial, hospitality, and institutional projects. Every product is designed to offer long-term performance, visual appeal, and environmental responsibility.

NATIONWIDE PRESENCE & TRUSTED NETWORK

We have a wide distribution network across major cities and states in India. This allows us to offer quick service, consistent supply, and timely deliveries. Our large network of channel partners is supported by a customer-first philosophy. This has helped us grow our market share and build lasting customer relationships.

MANUFACTURING EXCELLENCE & TECHNICAL EXPERTISE

Our manufacturing facilities are equipped with advanced imported machinery and automated systems. Each product undergoes strict quality checks to ensure reliability and performance. Our team includes skilled technicians, creative designers and manufacturing technologies. Together, they deliver high-quality solutions and unmatched customer support.

From modular kitchens to wall panels, ceilings to louvers, and designer doors — we offer ready-to-install and customized solutions. Innovation is at the core of our operations. It drives us to stay ahead of market trends and regularly launch new products.

SUSTAINABILITY & VISION

Kaka Industries is committed to sustainability. We focus on 100% recyclable materials, reducing environmental impact, and promoting the "Make in India" initiative. Our goal is to offer products that blend quality, dependability, and contemporary design. We aim to reshape the Indian construction materials space and become a global leader in PVC and polymer-based products.

Disclaimer:

The laminates in the catalogue may differ in colour from the original laminates.

Specification

Product Thickness : 1.25 MM (+ 10%)
Standard Size : 8 Ft x 4 Ft

Product tolerance

Thickness : +0.05 MM
Squareness : 0.5% of Length & Width
Size : +0.01%

*Batch wise color may vary. To ensure color consistency, the total project requirement should be placed in one order.

Other Technical Details

Range: These laminates come in a wide range of designs, colors & finishes.

Adhesive: These laminates are easy to apply with the laminating system, including most of the conventional adhesives normally used with plastic laminates such as many water-based and solvent-based like Fevicol Pro-Bond. We do not recommend the use of heat activated adhesives. We also do not recommend any kind of coating like PU, melamine, lamination (WAX) on our product. These products are manufactured from natural resources. Therefore this application will spoil the originality and natural beauty of the laminate sheet.

Cutting & Machining: These laminates can be cut, routed and drilled, using the most standard woodworking tools or equipment. All blades must be sharp. To remove any burr that may occur during the cutting processes, we recommend the use a smooth file to feather all corner edges.

Bending & Forming: These laminates can be bent and all radius bending should be handled in the same manner as all grades of non post forming decorative laminates. Kindly use special blades to bend the sheets at 90 degrees. For any difficulties please contact KAKA INDUSTRIES.

Maintenance: Any cleaning agent containing alkalis or abrasives should not be used to clean the laminate. Exposure to direct sunlight should be avoided.

Important Note : Kindly remove the protective film within 5 days from the date of installation.
