- SPC FLOORING
- RECYCLED PVC SHEETS
- HVLS FAN
- EASY FIX GLUE

Our solutions are ideal for residential, commercial, hospitality, and institutional projects. Every product is designed to offer long-term performance, visual appeal, and environmental responsibility.

### NATIONWIDE PRESENCE & TRUSTED NETWORK

We have a wide distribution network across major cities and states in India. This allows us to offer quick service, consistent supply, and timely deliveries. Our large network of channel partners is supported by a customer-first philosophy. This has helped us grow our market share and build lasting customer relationships.

### MANUFACTURING EXCELLENCE & TECHNICAL EXPERTISE

Our manufacturing facilities are equipped with advanced imported machinery and automated systems. Each product undergoes strict quality checks to ensure reliability and performance. Our team includes skilled technicians, creative designers and manufacturing technologies. Together, they deliver high-quality solutions and unmatched customer support. From modular kitchens to wall panels, ceilings to louvers, and designer doors – we offer ready-to-install and customized solutions. Innovation is at the core of our operations. It drives us to stay ahead of market trends and regularly launch new products.

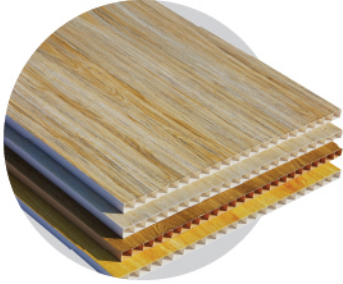

### SUSTAINABILITY & VISION

Kaka Industries is committed to sustainability. We focus on 100% recyclable materials, reducing environmental impact, and promoting the "Make in India" initiative. Our goal is to offer products that blend quality, dependability, and contemporary design. We aim to reshape the Indian construction materials space and become a global leader in PVC and polymer-based products.

Infinite Elegance  
Born From  
The Nature.

## HOLLOW uPVC FURNITURE PLY

Hollow uPVC Furniture Ply is a modern alternative to traditional plywood with a hollow core for lightness and strength. Its refined surface and reliable performance make it well-suited for contemporary interiors.

### Features

Durable

Easy Installation

Water Proof

Eco Friendly

Termite Proof

### Applications

## SOLID PLY PVC DOORS & BOARDS

Solid Ply PVC Boards and Doors are strong, durable alternatives to conventional wood and plywood. With a smooth finish and reliable performance, they add value to both residential and commercial interiors.

### Features

Durable

Easy Installation

Water Proof

Eco Friendly

Termite Proof

### Applications

## WPC DOORS

WPC Doors and Frames combine wood's elegance with polymer strength, resistant to moisture, termites, and warping for a durable, low-maintenance, and sustainable solution.

### Features

Durable

Easy Installation

Water Proof

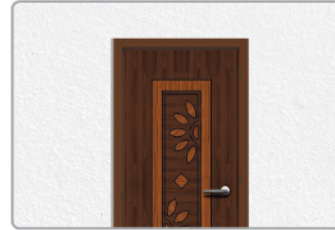

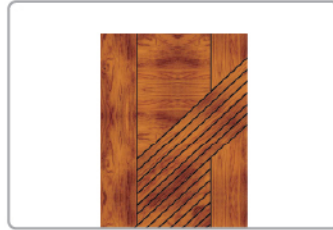

Eco Friendly

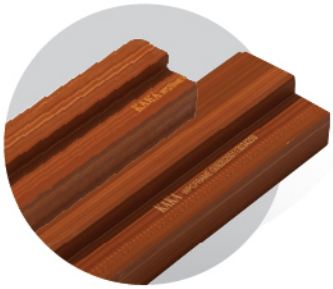

Termite Proof

### Applications

## WPC DOOR FRAMES

WPC Doors and Frames combine wood's elegance with polymer strength, resistant to moisture, termites, and warping for a durable, low-maintenance, and sustainable solution.

### Features

Durable

Easy Installation

Water Proof

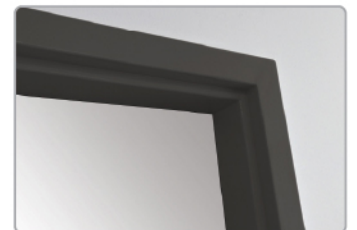

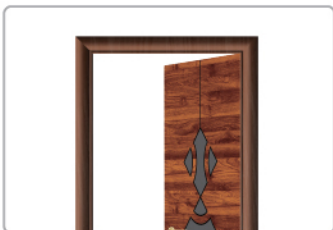

Eco Friendly

Termite Proof

### Applications

## uPVC DOORS & WINDOWS PROFILES

uPVC Windows and Door Profiles are engineered for durability and contemporary design. They offer a sleek appearance with consistent performance for homes, offices, and commercial spaces.

### Features

Maintenance Free

Fire Retardant

Eco Friendly

Sound Insulation

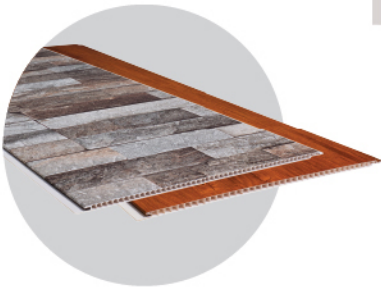

Dust Proofing & Air Tightness

### Applications

## WALL & CEILING PANELS

Enhance interiors with panels that blend style and durability. Designed for seamless finishes and lasting impressions. They bring elegance and durability to modern interiors. Perfect for creating seamless walls and ceilings with a premium touch.

### Features

Fast Installation

Fire Retardant

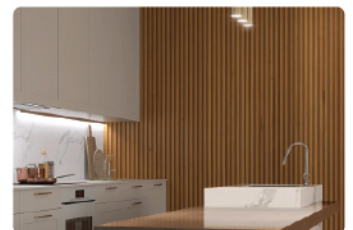

Eco Friendly

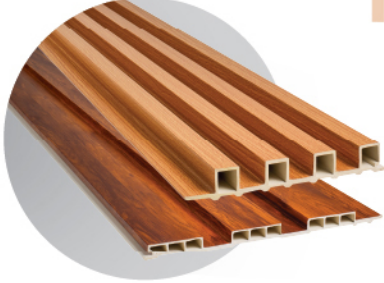

Termite Proof

### Applications

## WPC LOUVERS

A modern fusion of wood and polymer, offering strength with aesthetic elegance. Ideal for versatile interior and exterior designs. They add structure and style to both indoor and outdoor spaces.

### Features

Termite Proof

Fire Retardant

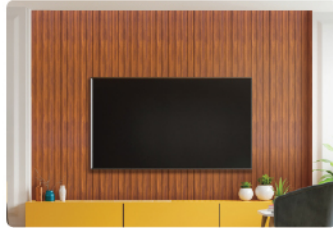

Water Proof

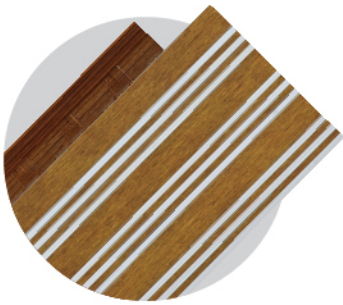

Easy Installation

### Applications

## CHARCOAL LOUVERS

Sleek, lightweight, and contemporary in appeal. Perfect for creating bold accents with refined detail. They create bold highlights that elevate contemporary interiors. Ideal for statement walls that demand attention.

### Features

Termite Proof

Fire Retardant

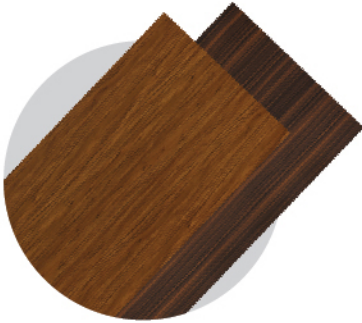

Water Proof

Durable

### Applications

## PVC LAMINATES

Versatile surface solutions with a smooth, elegant finish. Engineered for durability and creative design applications. PVC Laminates deliver smooth finishes with versatile design options. Easy to maintain and built for everyday use.

### Features

90 Degree Bend

Anti-Termite

Non-Toxic

Anti-Borer

### Applications

## FMD DOORS

Functional yet stylish doors that balance strength with design. FMD Doors are crafted for strength and design versatility. They provide long-lasting performance across homes and commercial spaces.

### Features

Washable

Dimensionally Stable

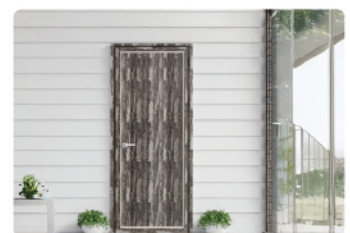

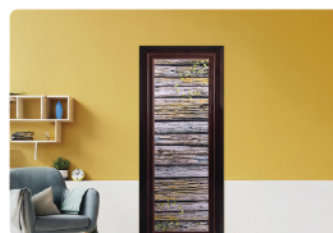

Cockroaches & Insects Free

Wide Range of Colors & Designs

### Applications

## uPVC ROOFING SHEETS

Weather-resistant sheets built for reliable protection. Offering strength, insulation, and long-lasting performance. uPVC Roofing Sheets are strong, weather-resistant, and low maintenance. They ensure reliable protection with lasting durability.

### Features

Sound Insulation

Highly Durable

Heat Insulation

Corrosion Resistance

### Applications

## FLUTED WALL PANELS

Elegant fluted designs that add depth and character. A timeless design element for sophisticated settings. Their clean lines bring elegance and character to interiors. Perfect for creating statement walls with timeless appeal.

### Features

Maintenance Free

Fire Retardant

Eco Friendly

### Applications

## WPC DECKING PANELS

WPC Decking Panels combine wood aesthetics with outdoor durability. Designed for outdoor elegance and strength. They are perfect for patios, balconies, and garden areas. Built to withstand weather while maintaining beauty.

### Features

Maintenance Free

Fast Installation

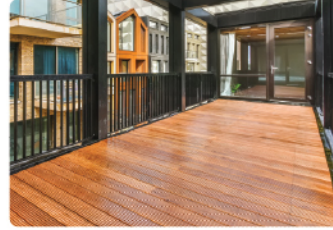

Fire Retardant

Eco Friendly

### Applications

## WPC WALL CLADDING

WPC Wall Cladding offers a protective yet stylish exterior solution. It enhances facades with durability and natural appeal. Low on maintenance, it withstands varying climates with ease.

### Features

Impact Resistant

Anti Fading

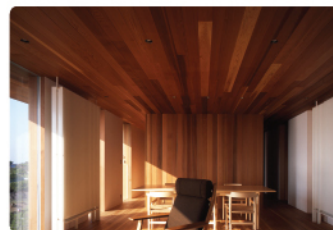

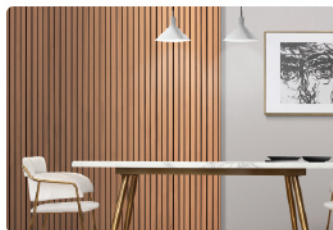

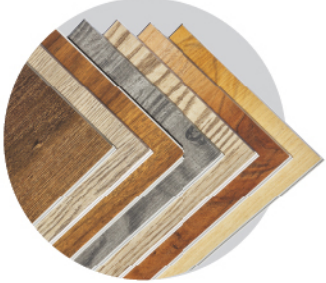

High Strength

Multiple Applications  
Flexibility

### Applications

## SPC FLOORING

SPC Flooring is a rigid, durable surface solution. It provides modern interiors with strength, comfort, and style. Easy to maintain, it ensures beauty that lasts for years. The ideal blend of strength and design for exteriors.

### Features

Slip Resistant

Stain Resistant

Scratch Resistant

### Applications

## RECYCLED PVC SHEETS

Recycled PVC Sheets are sustainable, versatile, and durable. They support eco-friendly construction and design needs. A perfect choice for greener, smarter projects. They combine performance with responsibility towards the environment.

### Features

Termite Proof

Light Weight

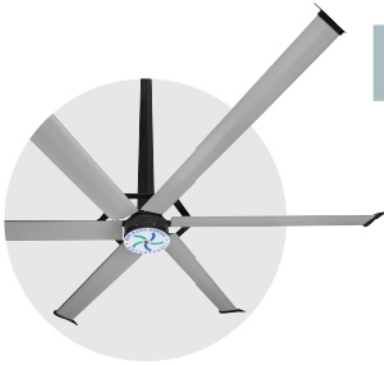

Chemical Resistant

Eco Friendly

### Applications

## HVLS FANS

HVLS Fans move large volumes of air at low speeds, creating comfort while saving energy. They keep spaces cool in summer, mix warm and cool air in winter, and are ideal for warehouses, industries, farms, and other large areas.

### Benefits Of HVLS Fan

- Quality Breeze Air Feeling
- Rich air flow
- Large area coverage
- Lowest power consumption
- Zero maintenance
- Enhancing productivity of working people

### Applications

## EASY FIX GLUE

A quick-bonding adhesive for instant results and multiple uses. Reliable, strong, and easy to use across multiple applications. It delivers instant grip and long-lasting hold. A trusted companion for effortless fixing jobs.

### Features

Precision  
Applicator

Sets In  
Seconds

No Need  
For Clamping

### Applications
